

- · Our team is very experienced in difficult to place risks with unique skills in customizing coverage to meet the needs of your clients. We have access to an extensive marketplace of both Admitted A+ rated domestic carriers and international markets in London and Bermuda. We've put significant emphasis on creating custom amendatory coverage language in many product lines to ensure your clients are getting best in class coverage.
- We have also put significant resources behind sophisticated, yet easy to use online guoting portals to allow you to easily transact small business risks and have the confidence that your clients are well protected as a result of our thorough coverage vetting process. Simply put, you can obtain best in class coverage 24 hours a day.
- We pay competitive commission on all of our business and further reward our loyal retail agents as they grow with us. In most cases, we pass along even higher commission when you utilize our online quoting systems. Just ask us for a demo of our capabilities.
- · We have the ability to develop affinity programs for you and to offer white label marketing and online quoting resources. Our value proposition is to marry our experience with technology advances to bring you a better way to handle every opportunity on your desk, more efficiently.
